Money Workshops

START SMART

We recently welcomed Start Smart to deliver their free, financial education workshops to all of our students. Delivered in class to students by a facilitator, Start Smart changes the way young people learn about money. By making money management interactive, engaging and fun, our students were equipped with the confidence and competence they need to make smart decisions about money.

Our school has proudly joined the Commonwealth Bank's Start Smart Program in its mission to improve the financial literacy of Australia’s young people. Overall, the program proved to be a highly beneficial experience for students and was thoroughly enjoyed by all. For more information on the program and each of the workshops we encourage you to visit www.startsmart.com.au.

Science and Tech Expo

Last term every class showed their Science and Technology experiments on the basketball court. 2A and 2/3M showed people our toy cars. Grade 6 showed their marble machines. Grade 4 and 5 showed their planes and rockets. Preps showed their wind chimes and Grade 1 showed their boats. People liked them. This term 2/3M we are learning about plants and planting them.

The Ned Show

Ned is coming next week! He will be putting on a show about anti-bullying, never giving up, encouraging others and doing it yourself. It is a free show on Monday from 11:45-12:30, parents and guests are welcome to come along. To promote Ned's important messages, yo-yos will be for sale for $3 before school on the basketball court on Tuesday-Friday.

NAIDOC Day

This NAIDOC we had the lorangi family cook and prepare Kup murray. It was amazing! All it is, is pork and vegetables. This wasn't just cooked in an oven, it was cooked at the back oval. You're probably wondering “How was it cooked at the back oval?” Well the way it works is we dug a hole and placed rocks. It's just like if you were camping and had no electricity.

We also had rotations. This was set up and organised by Mrs Bartels. These rotations were Spear throwing, Boomerang throwing, Boomerang arts, Finger print painting, didgeridoo (which only boys can do), special dancing and the boys were taught how to do the dances. And a very big thank you to the lorangi family, Mrs Bartels and all of our other wonderful helpers and guests!
